

Caloundra warmly welcomes the **National Riley Event**

Monday 7th May - Friday 11th May 2018

 **Sunshine Coast**
Queensland Naturally refreshing

Why not stay a while?

As a proud Riley owner, we look forward to welcoming you to the Sunshine Coast and invite you to stay a little longer and experience our region, outside of the event program.

Wonders of nature, beachside culture, fresh local food, immersive encounters and world-class events – the Sunshine Coast is one of the most vibrant regions in Australia; renowned for its natural environment, diversity and world-class sporting, tourism and leisure activities.

Ever since James Moffat built a beach shack 130 years ago on the headland that now bears his name, this stretch of Pacific Ocean has been a favourite for people seeking a relaxing beachside destination. Long curves of sand, headland cliffs, historic sites, nature reserves and picturesque esplanades make this an aquatic playground and adventure paradise. The Pumicestone Passage, with views of the Glass House Mountains, dominates the Caloundra landscape popular for guided eco kayak tours and just a short distance from famous attraction, Australia Zoo.

Soak up the scenery

The Pumicestone Passage consists of 24 islands and 240 kilometres of shoreline and with 80 percent of the waterways measuring under two metres deep, it is the perfect place to explore on a stand up paddle board, kayak or escorted jet ski tour.

We recommend you experience the iconic beach vibe by mixing with the locals and soaking in views of sand, surf and salt from the best vantage point over a meal or cold beverage, at one of the many surf clubs.

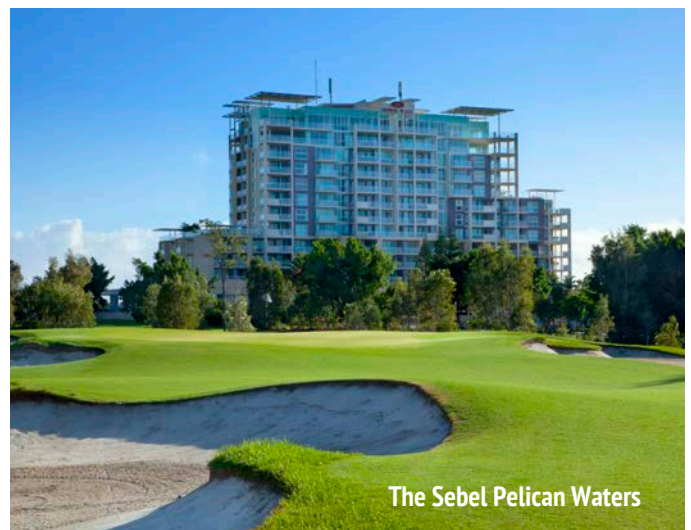

Active pursuits

There's no better way to soak up the beauty of the Caloundra region than by strolling or cycling along the coastal trail. Take on the entire 25 kilometre stretch from Golden Beach in the south to Point Cartwright in the north or enjoy strolling along sections of the walk at a leisurely pace.

Experience tenpin bowling at the new Spinners Bar & Bowl with high tech lanes and old fashioned fun. Moffat Beach has its own famous craft brewery. Try some award winning ales and chat with Matt the brewer.

Additional water pursuits include boating, fishing or you can skim the waterways on an eco or sunset cruise.

Other must dos include a visit to the Queensland Air Museum boasting over 65 aircraft on display, hitting a round at a champion golf course or cook up a storm with a class.
